Home Like Stay- Hostels @ Gautam

We, at Gautam Group of Colleges have taken special care of all necessary requirements in hostel for the development and growth of a student. We ensure that the child gets the homely feeling, with the best amenities and the desire to study more hard in a friendly atmosphere. Students, who come from all over India, get exposed to different religion and customs. Therefore a

complete finishing school in itself is the core feature of our hostel. Tuning students to the real aspect of life, however, letting them enjoy the comforts of reading newspapers and books, providing them nutritious food, safe drinking water, round the clock water supply including water heating systems etc. gives them feeling of being at home.

Efficiency of students increases when they get good company and friends. Students usually have a habit of studying together and our spacious rooms provide them comfortable setup to study. Reducing the burden of daily washing of clothes and vessels, we have in house Laundry system which takes care of washing and ironing.

We want our students to manage a home away from home and discipline themselves even in the absence of their parents. Liberal in all means, but strict in the areas of maintaining hygiene, manners and discipline is the core feature at Gautam hostels.
